Acando wins order for licenses and implementation of Acando's Mobile Solution for SAP

Acando has won an order for licenses and implementation of its Mobile Maintenance, Inspection and Service (Mobile MIS) Solution. The solution, which has been developed by Acando, offers integrated mobility as a capability for SAP.

With the new solution, the client's field service processes will be truly mobile. They will also get a paperless order to cash process, and traceable SLA compliance.

"I am very proud that the client has chosen Acando Mobile Solution for this initiative. Our solution is operational at some of the biggest and most demanding customers in the Nordics. With more than 5000 users, this will be our largest customer until now", says Carl-Magnus Månsson, Managing Director and CEO of the Acando Group.
